

Turn-Key Sprayers

These sprayers allow you the flexibility to operate without being tethered to your truck. This sprayer has its own **rechargeable battery system**.

- Pre-Wired Sealed, Lead-Acid Battery to the Electric Start Engine & Electric Hose Reel.
- The Battery is Automatically Recharging While Your Engine Is Running

This unique system gives you the flexibility to transport these sprayers in most UTVs, pick-up trucks and/or vans.

- UTV Design Available in 075 and 100 gallon
- Space Saver Design Available in 100, 200, 300 and 400 gallon
- Skid Design Available in 050, 100, 200, 300 and 500 gallon
- Split Space Saver Available in 100/100 gallon, 100/200 and 200/200 gallon
